- Numbers are based on rough standard of usage. Please check the actual articles by conducting tests such as filling and resistance to the contents.
- The capacity and bottle size figures are standard values (*before decoration and in standard color), which may differ from measurements.
- Please note that we may partly change standards and specifications.
- TNYAO-100, TDN-550: bottle height and threads are subject to change with some accessories.
- For further information on caps and accessories without details, refer to the GLASEL THAILAND Standard Catalog 2018.

TCO-P1

TCO-P1

■ A puff can be fitted on the metal palette.

Product name	Size[mm]			Size of metal palette[mm]	Puff space	Opening and closing	Material
	H	W1	L				
TCO-P1	17.5	64	65	W47.7 ϕ × H4	/	Standard	PP

- Please check the actual articles by conducting tests such as filling and resistance to the contents.
- The container size figures are approximate.
- Filling the metal palette, please make sure to check the actual articles.
- Please note that we may partly change standards and specifications.
- Not for direct filling.
